Brief Introduction

Beta 2.5

The M200A DLP has 200 Ansi lumens, a contrast of 400:1 and a WVGA 854 x 480 resolution. An image width of up to 144 cm is possible. However, the image should be smaller in room light. We recommend max. 96 cm. Thanks to the built-in 5000 mAh battery, no power supply is required, allowing the projector to be set up quickly and flexibly. This model is no longer available from miroir.
