

O.B.E Oray Go

O.B.E ORAY GO

With the Oray Go, manufacturer O.B.E offers an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 1500:1. The manufacturer specifies an LED lifespan of 20,000 hours, which would equate to over 13.7 years based on four hours? viewing per day. As the projector features horizontal and vertical keystone correction, it can be set up with plenty of space around it in the room. Since O.B.E specifies the projector?s brightness in lumens, we have calculated an approximate ANSI lumen value in this case. Google TV transforms the projector into a versatile media hub that can be seamlessly integrated into a smart home. The projector supports AirPlay and Miracast screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Another notable feature is that the projector?s Bluetooth function allows it to be connected to external wireless speakers. The model is also Full HD 1080p compatible.
