

OOKURA 1080P

OOKURA 1080P

The OOKURA 1080P LED LCD projector has 80 ANSI lumens and a WVGA resolution of 800 x 480. The manufacturer specifies an LED lifespan of 30,000 hours, which equates to over 20.5 years based on four hours? use per day. As the projector features horizontal and vertical keystone correction, it can be set up with plenty of space around it. Thanks to its 80 ANSI lumens, the projector can effectively illuminate an image width of up to 67 cm. However, in room lighting, the image width should ideally be less than 45 cm. The projector supports AirPlay and Miracast screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Furthermore, the projector can play 1080p content without any issues.
