

Optoma GT1080

OPTOMA GT1080

The short-throw GT1080 3D DLP has 2800 Ansi lumens, a contrast of 22000:1 and an HDTV 1920 x 1080 resolution. The lamp in the projector is specified with a lamp life of 5000 hours, which is over 6.8 years with a daily viewing time of 2 hours. Thanks to the short-throw projection ratio of just 0.49:1, the projector does not stand still in the room. For a 2m wide image, the projector needs to be just 98 cm away from the screen. Even 1080P video signals and 3D are no problem for the projector. On the market since 2014, the model is no longer offered by the manufacturer Optoma, but is still a popular projector in our database.
