

H30 Advanced The art of projecting perfection

Designed for European Widescreen Home Cinema the ThemeScene™ H30 Advanced presents breathtaking image quality, near silent operation and unrivalled ease of use.

True Native Widescreen, a bright 850 lumens of video optimised light output and 3000:1 Contrast Ratio gives sparkling, crystal clear images with fantastic detail.

Effortlessly connect to HDMI, DVI, Component Progressive and SCART RGB sources for the highest possible image quality from your DVD player, Digital TV box, Digital Recorder, High Definition system or Games Console.

- ♦ **Videophile Quality - 3000:1 Contrast Ratio, 6 segment 4x colour wheel, DarkChip2™ DLP™**
- ♦ **Digital Projection System - Digital DVI with HDCP and HDMI inputs**
- ♦ **Whisper Quiet - Less than 26dB at 2m**
- ♦ **Ultimate Connectivity - Connect to Digital, Component Progressive or SCART RGB devices**
