

Optoma TX615

OPTOMA TX615

Brief Introduction

Beta 2.5

The Optoma TX615 model is a DLP projector with XGA 1024 x 768 resolution and a contrast of 3000:1. The projector can illuminate images up to 515 cm wide thanks to its 3500 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 343 cm. Even 1080P video signals are no problem for the projector. It was launched in 2009 and is no longer offered by the manufacturer Optoma.
