

Panasonic PT LB3/U/E/A

PANASONIC PT LB3/U/E/A

A brief introduction to the Panasonic PT LB3/U/E/A. The standard portable LCD projector has an XGA 1024 x 768 resolution and a contrast of 600:1. The built-in ambient light sensor detects the ambient light in the room and automatically optimizes the image. An image width of up to 493 cm is possible as the projector has 3200 Ansi lumens. However, if there is room light, the image should be a maximum of 329 cm wide. Furthermore, the projector can play 1080P without any problems. The projector was launched in 2011 and is no longer sold by the manufacturer.

Brief Introduction Beta 2.5
