A brief introduction to the Panasonic PT TW331R. The whiteboard DLP projector has a WXGA 1280 x 800 resolution and a contrast of 4000:1. An image width of up to 566 cm is possible. However, the image should be smaller in room light. We recommend max. 377 cm. The projector is equipped with an integrated whiteboard function for interactive training and presentations. Furthermore, the projector can play 1080P without any problems. This model is no longer offered by Panasonic, but is still a popular projector in our database.
