

Pico Genie L300

PICO GENIE L300

A quick look at the L300: The Pico Genie Game Portable LED LCD Projector offers 400 ANSI lumens and an HDTV resolution of 1920 x 1080. The manufacturer specifies an LED lifespan of 30,000 hours?which, at four hours of use per day, equates to over 20.5 years. Horizontal and vertical keystone correction ensures effortless image setup. 4 00 ANSI lumens ensure that an image width of up to 203 cm is possible. However, if there is ambient light in the room, the image should be no wider than 135 cm. The model supports AirPlay, Miracast, and Screen Mirroring signals, making it possible to play high-resolution videos with surround sound directly over Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Even 1080p video signals are no problem for the projector.
