

Pico Genie Periscope Plus

PICO GENIE PERISCOPE PLUS

The game portable Pico Genie Periscope Plus LED DLP projector has 200 Ansi lumens and a UHD (4K2K) 3840 x 2160 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. Thanks to the brightness of 200 Ansi lumens, a picture width of 144 cm is possible. In room light, the picture should be max. 96 cm wide. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. It is also Full HD 1080P and 4K compatible. The model built in 2019 is no longer offered by Pico Genie, but is still very popular in our projector database.

Brief Introduction
