Operating Noise

With the PJ-110, Hersteller Plus offers an LCD projector with XGA 1024 x 768 resolution. An image width of up to 348 cm is possible, as the projector has 1600 ANSI lumens. However, if there is ambient light in the room, the image should be no wider than 232 cm. It is no longer offered by Hersteller Plus. It should also be noted that, unfortunately, replacement lamps are no longer available for this projector, neither original nor aftermarket.
