

Polocsh P6

Brief Introduction

Beta 2.5

With the P6, manufacturer Polocsh offers a micro-portable LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. The service life of the LEDs is 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. As Polocsh specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. 305 cm image width the projector will be able to illuminate well. However, if there is room light, the picture width should ideally not exceed 203 cm. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. It is also Full HD 1080P compatible.
