

Prixton Monet

P R I X T O N M O N E T

Brief Introduction

Beta 2.5

A quick look at the Monet: The Prixton Micro-Portable LED LCD Projector offers 400 ANSI lumens, a contrast ratio of 1000:1, and an HDTV resolution of 1920 x 1080. Thanks to its LEDs, the projector has a lamp life of up to 30,000 hours, which amounts to over 20.5 years if used for four hours a day. The projector is equipped with a built-in media player, so playing files directly is no problem. Thanks to its 400 ANSI lumens, the projector can effectively illuminate an image width of up to 170 cm. However, in room lighting, the image width should ideally be less than 113 cm. The model supports AirPlay, Miracast Screen Mirroring signals, making it possible to play high-resolution videos with surround sound directly over Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Furthermore, the projector can play 1080p content without any issues.

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

400
