

projectiondesign F12 sx+

PROJECTIONDESIGN F12 SX+

Brief Introduction Beta 2.5

With the F12 sx+, manufacturer projectiondesign offers a DLP projector with SXGA+ 1400 x 1050 resolution and a contrast of 4000:1. The projector will be able to illuminate an image width of 544 cm. Rooms with residual light can be created by the projector with a smaller image width, we would recommend a maximum of 363 cm here. Furthermore, the projector can play 1080P without any problems and even has the option of projecting HD 1080P Blu-rays onto the ceiling using 360° projection. On the market since 2009, the model is no longer offered by the manufacturer projectiondesign.
