

projectiondesign F1+ XGA

Brief Introduction

Beta 2.5

A brief introduction to the F1+ XGA: The projectiondesign DLP projector offers 3000 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. 3000 Ansi lumens ensure that a picture width of 477 cm is also possible. However, if room light is available, the image should be a maximum of 318 cm wide. The operating noise of only 28 decibels makes the projection quiet. This model is no longer offered by projectiondesign.
