

Qiaolet Q1

QIAOLET Q1

A brief introduction to the Q1: The Qiaolet LED LCD projector offers 300 Ansi lumens and an HDTV 1280 x 720 resolution. Thanks to the LEDs, the projector has a light life of up to 30,000 hours, which is equivalent to over 20.5 years at 4 hours per day. Horizontal and vertical keystone correction makes image adjustment childs play. An image width of up to 176 cm is possible as the projector has 300 Ansi lumens. However, if room light is available, the image should be a maximum of 117 cm wide. Thanks to the built-in 5000 mAh lithium battery (3 hours), no power supply is required, allowing the projector to be set up quickly and flexibly. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080P without any problems.
