The game portable RCA RPJ116 LED LCD projector has 120 Ansi lumens and a WVGA 800 x 480 resolution. The manufacturer RCA specifies a service life of 50,000 hours, which is 34.2 years if enjoyed for four hours a day. As RCA specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. 120 Ansi lumens ensure that a picture width of 111 cm is also possible. However, if room light is available, the picture should be max. 74 cm wide. The model is also Full HD 1080P compatible. The projector was launched in 2019 and is no longer sold by the manufacturer.
