

Ricoh PJ WX3340N

RICOH PJ WX3340N

The PJ WX3340N 3D DLP projector from Ricoh has 3000 Ansi lumens, a contrast of 5000:1 and a WXGA 1280 x 800 resolution. The integrated media player can play files directly. An image width of up to 556 cm is possible as the projector has 3000 Ansi lumens. However, if room light is available, the image should be a maximum of 371 cm wide. The projector was launched in 2013 and is no longer sold by the manufacturer. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
