

Ricoh PJ WX4153N

RICOH PJ WX4153N

A brief introduction to the Ricoh PJ WX4153N. The DLP projector has a resolution and contrast of 13000:1. An image width of up to 610 cm is possible, if the image width is smaller (we recommend max. 407 cm), rooms with residual light are also no problem. The projector also offers a whiteboard function that makes training and presentation rooms interactive. With the HDMI MHL port, the smartphone image can be transmitted to the projector in Full HD at 60 Hz by screen mirroring and the smartphone is charged at the same time. Video signals 1080P and 3D are also no problem for the projector. This model is no longer offered by Ricoh, but is still a very popular projector.

1 x 0,65" DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip

Projector	3600	1440 Lux (bei 200 cm Screen)
	13000:1 full on/off	13000:1 full on/off
