Samsung The Premiere 8K

Brief Introduction Beta 2.5	The Premiere 8K at a glance: The Samsung DLP projector offers 5033 ANSI lumens and a UHD (4K+2K+) 4096 x 2400 resolution. Thanks to its short throw ratio of just 0.189:1, the projector does not take up much space in the room. For a 2m wide image, the projector only needs to be 38 cm away from the screen. Since Samsung specifies the brightness of the projector in lumens, we have calculated an approximate ANSI lumen value in this case. The projector can also play 1080P and 4K without any problems.
Display Type	1 x DLP Chip UHD 4/3 Ti Digital Light Processing Chip
Ansi-Lumen	Projector: 5033 / 4494 ISO Lumen — Screen: 1678 Lux (200 cm Screen width)
