

Sony SRX-T615

SONY SRX-T615

The E-Cinema SRX-T615 3D SXR D projector from Sony has 18000 Ansi lumens, a contrast of 12000:1 and a UHD (4K+2K) 4096 x 2160 resolution. The projector also offers a lens shift function that makes image adjustment childs play. An image width of up to 813 cm is possible as the projector has 18000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 542 cm. Playback of 1080P and 4K as well as 3D is also no problem for the projector, meaning that all Blu-ray formats currently on offer can be recognized by the projector. On the market since 2013, the model is no longer offered by the manufacturer Sony, but is still one of the very popular projectors.
