

Sony VPL GTZ380 /P

SONY VPL GTZ380 /P

Manufacturer Sony offers the VPL GTZ380 /P, a stationary SXR D projector with UHD (4K+2K) 4096 x 2160 resolution and a contrast ratio of 16000:1. The lens shift function allows the projector to be positioned very freely. 10,000 ANSI lumens ensure that an image width of 675 cm is possible. The projector can handle rooms with residual light with a smaller image width; we would recommend a maximum of 450 cm. If the image width is not sufficient, the projector offers integrated edge blending software, which allows several projectors to project a large image together. Furthermore, the projector can play 1080P and 4K as well as 3D without any problems, meaning that all currently available Blu-ray formats can be recognized by the projector.

Brief Introduction

Beta 2.5

Display Type

3 x 0,74" SXR D Panel
UHD 19/10 Silicon X-tal Reflective Display (SXR D)
