

Sony VPL HS10

SONY VPL HS10

A brief introduction to the VPL HS10: The Sony home cinema LCD projector offers 1200 Ansi lumens, a contrast of 700:1 and resolution. The integrated media player allows files to be played directly. The horizontal and vertical keystone correction provides leeway when setting up. A picture width of up to 352 cm is possible as the projector has 1200 Ansi lumens. However, if room light is available, the picture should be a maximum of 235 cm wide. The model built in 2002 is no longer offered by Sony.
