

Sony VPL VW100 HD (Ruby)

SONY VPL VW100 HD (RUBY)

With the VPL VW100 HD (Ruby), manufacturer Sony offers an SXR D projector with HDTV 1920 x 1080 resolution and a contrast of 15000:1. The integrated lens shift gives freedom when positioning the projector. 800 Ansi lumens ensure that a picture width of 287 cm is also possible. However, if there is room light, the picture should be a maximum of 191 cm wide. It is also Full HD 1080P compatible. With only 22 decibels of operating noise, the model is already very quiet compared to others. The model built in 2005 is no longer offered by Sony, but is still very popular in our projector database. Unfortunately, we can no longer offer a replacement lamp for this model, neither original nor replica.
