

Sony VPL VW200

SONY VPL VW200

A brief introduction to the VPL VW200: The Sony SXR D projector offers 800 Ansi lumens, a contrast of 35000:1 and HDTV 1920 x 1080 resolution. The built-in lens shift and keystone correction function provides freedom when setting up. A picture width of up to 287 cm is possible as the projector has 800 Ansi lumens. However, if room light is available, the picture should be max. 191 cm wide. Even 1080P video signals are no problem for the projector. With an operating noise of just 22 decibels, the model is very quiet compared to others. It was launched in 2007 and is no longer offered by the manufacturer Sony, but is still a popular projector in our database. It should also be noted that there are unfortunately no longer any replacement lamps available for this projector, neither original nor replica.

Brief Introduction Beta 2.5

Display Type

3 x 0,61" SXR D Chip
HDTV 16/9 Silicon X-tal Reflective Display (SXR D)
