

TMY V18

TMY V18

The V18 LED LCD projector from TMY has 200 ANSI lumens, a contrast ratio of 15,000:1 and an HDTV 1280 x 720 resolution. The LEDs give the projector a light lifespan of 30,000 hours, which is the equivalent of over 20.5 years at 4 hours a day. The projector also offers an integrated media player that can be used to play files directly. A picture width of up to 164 cm is possible because the projector has 200 ANSI lumens. However, if room light is present, the picture should be no more than 109 cm wide. The projector has Airplay, Miracast Screen Mirroring support, which allows you to play videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS directly via Wi-Fi. Another extra to be mentioned is that the projector can be connected to external wireless speakers using the Bluetooth function. Furthermore, the projector can play 1080P without any problems. The operating noise of only 25 decibels makes the projection quiet.
