

Toperson T551

TOPERSON T551

The Toperson T551 standard portable LED LCD projector has 600 Ansi lumens, a contrast of 10000:1 and an HDTV 1920 x 1080 resolution. Due to the LEDs, the projector is specified with 30000 hours of light life, which converts to over 20.5 years at 4 hours per day. The projector also offers an integrated media player that can be used to play files directly. The projector will be able to illuminate the 249 cm picture width well. However, if room light is available, the picture width should ideally not exceed 166 cm. The projector has DLNA, Airplay, Miracast Screen Mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via WLAN. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. The model is also Full HD 1080P and 4K (compressed) compatible. The projector was launched in 2022 and is no longer sold by the manufacturer.

Brief Introduction
