Product **Description**

The Luminous Superior series is ViewSonic's lamp-free high brightness projector for both business and education. The LS710HD adopts industry-leading 2nd generation laser phosphor technology, delivers 4,200 ANSI Lumens while eliminating the use of toxic mercury, reducing the cost and effort of frequent lamp replacement and lowering total cost of ownership. The lamp-free light source offers enhanced sustainability for a greener environment while delivering clear and bright images with vivid colors and 1080p resolution. Boasting short throw ratio, flexible installation and easy image adjustments, the projector enables effortless edge blending to create an immersive experience for any space, be it a restaurant, gym, gallery, etc. With 0.49 short throw ratio, the projector can provide 100" large screen size from only 1.1 m away without being bothered by the shadows. The LS710HD allows perfectly-shaped images even from an angled projection with H/V keystone and 4 corner correction and offers versatile application with 360° projection and portrait mode. The projector also comes with HDMI 2.0b, ensuring you access to original 4K quality content with HDR/HLG support.
