

Vivibright PRL5W

VIVIBRIGHT PRL5W

Brief Introduction

Beta 2.5

The Vivibright PRL5W 3D DLP projector has 500 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. The projector can illuminate a picture width of up to 227 cm well thanks to the 500 Ansi lumens. In room light, however, the image width should ideally be less than 151 cm. Video signals 1080P and 4K (compressed) as well as 3D are also no problem for the projector, meaning that all Blu-ray formats currently available can be recognized by the projector. This model is no longer offered by Vivibright.

 1 x 0,45" DLP Chip
WXGA 16/10 Ti Digital Light Processing Chip
