

Vivibright S210

VIVIBRIGHT S210

The standard portable S210 3D LED LCD has 150 Ansi lumens, a contrast of 600:1 and a WVGA 800 x 480 resolution. The manufacturer Vivibright specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. As Vivibright specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. Due to the brightness of 150 Ansi lumens, a picture width of 124 cm is possible. In room light, the picture should be max. 83 cm wide. The model is also Full HD 1080P compatible. The model was built by Vivibright in 2014 and is no longer current.
