

Vivitek Qumi Z1H

EAN/UPC:813097024381

VIVITEK QUMI Z1H

The Qumi Z1H LED DLP projector from Vivitek has 300 Ansi lumens, a contrast of 10000:1 and an HDTV 1280 x 720 resolution. The lifespan of the LEDs is 30000 hours, which is over 20.5 years with a daily viewing time of 4 hours. The integrated media player allows files to be played directly. A picture width of up to 176 cm is possible. However, the picture should be smaller in room light. We recommend max. 117 cm. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. Even 1080P video signals are no problem for the projector. It was launched in 2019 and is no longer offered by the manufacturer Vivitek.
