

# WEMI X1BQ

WEMI X1BQ

A brief introduction to the WEMI X1BQ. This portable LCD LED gaming projector features an HDTV resolution of 1280 x 720 and a contrast ratio of 1500:1. It is an LED projector with a 30,000-hour lamp life, which translates to over 20.5 years of use at four hours per day. The built-in media player allows files to be played directly. Built-in horizontal and vertical keystone correction provides flexibility when setting up the projector. With 300 ANSI lumens, it can project an image up to 144 cm wide. However, in well-lit rooms, the image should be no wider than 96 cm. The model supports AirPlay and Miracast screen mirroring, allowing you to stream high-resolution videos with surround sound directly over Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Another notable feature is that the projector's Bluetooth function allows it to connect to external wireless speakers. The projector also handles 1080p and 4K (compressed) video signals with ease. With an operating noise level of just 25 decibels, this model is very quiet compared to others.
