

Wolf Cinema PRO-85

WOLF CINEMA PRO-85

A brief introduction to the PRO-85: The Wolf Cinema short-throw 3D DLP projector offers 4000 Ansi lumens, a contrast of 20000:1 and HDTV 1920 x 1080 resolution. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide image, the projector only needs to be 50 cm away from the screen. The projector is equipped with a microphone jack plug and 16W speakers, so no additional speakers are required for presentations or training sessions. The projector can also play 1080P and 3D without any problems. With only 28 decibels of operating noise, the model is already very quiet compared to others. This model is no longer offered by Wolf Cinema.
