

XGODY A30

XGODY A30

XGODY

A brief introduction to the XGODY A30. The LCD LED projector has an HDTV 1920 x 720 resolution and a contrast of 2000:1. The service life is 30000 hours due to the LEDs, which is over 20.5 years with a daily viewing time of 4 hours. An image width of up to 136 cm is possible as the projector has 180 Ansi lumens. However, if room light is available, the picture should be max. 91 cm wide. The rechargeable projector is not dependent on a direct power source and can therefore be set up very quickly, freely and spontaneously. The model recognizes Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. The model is also Full HD 1080P compatible.

Brief Introduction

Beta 2.5

Display Type

1 x 2,4" LCD TFT Panel
HDTV 16/9 Liquid Crystal Display
