

Zoomcat E1

ZOOMCAT E1

The E1 at a glance: The Zoomcat LED LCD projector offers 800 ANSI lumens, a contrast ratio of 20,000:1, and HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 30,000 hours, which would be over 20.5 years based on 4 hours of viewing per day. A picture width of up to 287 cm is possible because the projector has 800 ANSI lumens. However, if there is ambient light in the room, the image should be no wider than 191 cm. The model recognizes Airplay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, thanks to the Bluetooth function, the projector can be flexibly paired with other speakers. The model is also compatible with Full HD 1080P and 4K (compressed).
